

Latest Dual Core Capable System 45% off !

- 3.6GHz Pentium 4
- 1 GB Ram
- 8 USB
- 80 GB HDD
- XP Pro
- CDRW
- 17 " DVI+ Rotate LCD
- Super quiet operation
- Small footprint case

Dell Price \$2450

My Price \$1799

That's 45% "scratch 'n dent" saving on the main unit !

This system boots XP Pro in around 20 Seconds ! It also features a 90 Degree rotating LCD and O/S so that A4 pages can be displayed in portrait mode for DTP and office work. It also has front USB and headphone sockets. This is a perfect office workstation configuration. The memory and HDD specifications can easily be boosted if you require.

Ex Government Top Quality Optiplex System

- 2.8 Ghz Pentium 4
- 256MB
- 40GB
- 6 USB
- XP Pro
- DVDRW
- Super Quiet
- Small Footprint
- Tower or desktop

Worth over \$1250

My Price \$ 999

Increase RAM for just \$25.

"These systems are way superior in quality and features over Dell "Dimension""

Terasoft Online Services for Business

Our Online Sales and Information Website system combines an easy learning curve with extensive business information features. You'll be amazed at all the extra information about your products that can be maintained online. We also have a raft of ways you can communicate with your customers and handle CRM data. This really is business in the third millennium - don't get left behind !

During February 2006 we released a great new set of features for all our Online Catalogue customers. Here's a quick overview.

Email Website Members - Now you can easily email all of your website members.

Review and Email Orders - Orders can be viewed online or sent via email.

Forgotton Passwords - customers can perform their own password reset (new password emailed out).

Payment Receipt Numbers - now you can see credit card payment receipt numbers in the Order Status page.

Customized Email Text - You can now specify the text in the new customer email (& sign up page) and Order Status emails.

Order Status Emailed To Customer - All customers will now receive an Order Status email after making an order.

Flexible Catalogue - Products and Services Online Sales Catalogues can now take on just about any 'look and feel' you desire. A standard HTML page can be used as a template to display all of the products stored in you catalogue! (We call this feature a "Showcase".)

Red Hot Special !

Xerox Phaser 3115 Laser printer - Only \$139

- 600dpi
- Watermarks capable
- 14 pages per minute
- 20% more toner than the competition.
